Blind Babies Foundation

Central Valley

Presents

"4th Annual Walk in Their Shoes"

On Saturday, November 6th, 2010, I will be participating in the "4th Annual Walk in Their Shoes."

During this 2 mile walk I will be blindfolded or wearing a simulated visual impairment device.

I will be representing the over 100 visually impaired infants, toddlers and preschoolers that

Blind Babies Foundation serves here in the Central Valley.

Your support will help insure that these children

will receive the services and opportunities that are crucial to their development.

Thank You for Your Support!
